Opt Out Young Adult (YA) Permission for Current 7th and 8th Grade Students

Please understand that books in the "Young Adult" category (YA) are usually written for readers aged 12-18. Young Adult and other library materials are selected in accordance with Policy IJL. Young Adult books that are selected to be added to the MVMS Library Collection are professionally recommended for students in grades 7-8, aged 12-14. The YA books are identified with a spine sticker label that is red and white and has the initials YA. Students in 7th or 8th grade may submit a signed permission slip that will restrict the student from the ability to check out a YA title.

By signing this permission slip, I would like to restrict my 7th or 8th grade student from being able to check out a YA book.

I give permission for _____ on Team _____ to
NOT be allowed to borrow Young Adult (YA) books from the MVMS Information
Center.
